

"I have been part of the TPH family for many years. They have been a big part of my development both on and off the ice throughout my minor hockey, Junior, and NHL career. I always look forward to working with TPH during the off season, they've always done a great job preparing me for my hockey season ahead."

HIGH PERFORMANCE HOCKEY ACADEMY

The High Performance Hockey Academy will be returning to Sarnia for its fourth year. After seeing tremendous growth in our athletes over the first three years, we are excited to enter our fourth year with another motivated group. The Academy will once again be delivered by Scott Jones (Director of Skill & Player Development for the Sarnia Sting of the OHL and Player Development Consultant for the Vegas Golden Knights of the NHL) and the professional staff of Total Package Hockey.

The HPHA runs from October through to May and offers an opportunity for players to work on their individual skills with professional hockey skill coaches 3 days a week, following a structured curriculum in a fun learning environment. Each day focuses on new skills which cover all areas of the game. Tuesdays are dedicated to skating technique, Wednesdays are positional (fwd/def) and Thursdays will cover shooting and stickhandling. Players will receive two report cards indicating on ice testing times and scored skills, as well as feedback from the coaches on a player's strengths and areas of improvement. Players will also receive two analyzed videos performing certain skills on the ice that coaches will edit, break down and provide feedback on.

Sarnia HPHA Benefits:

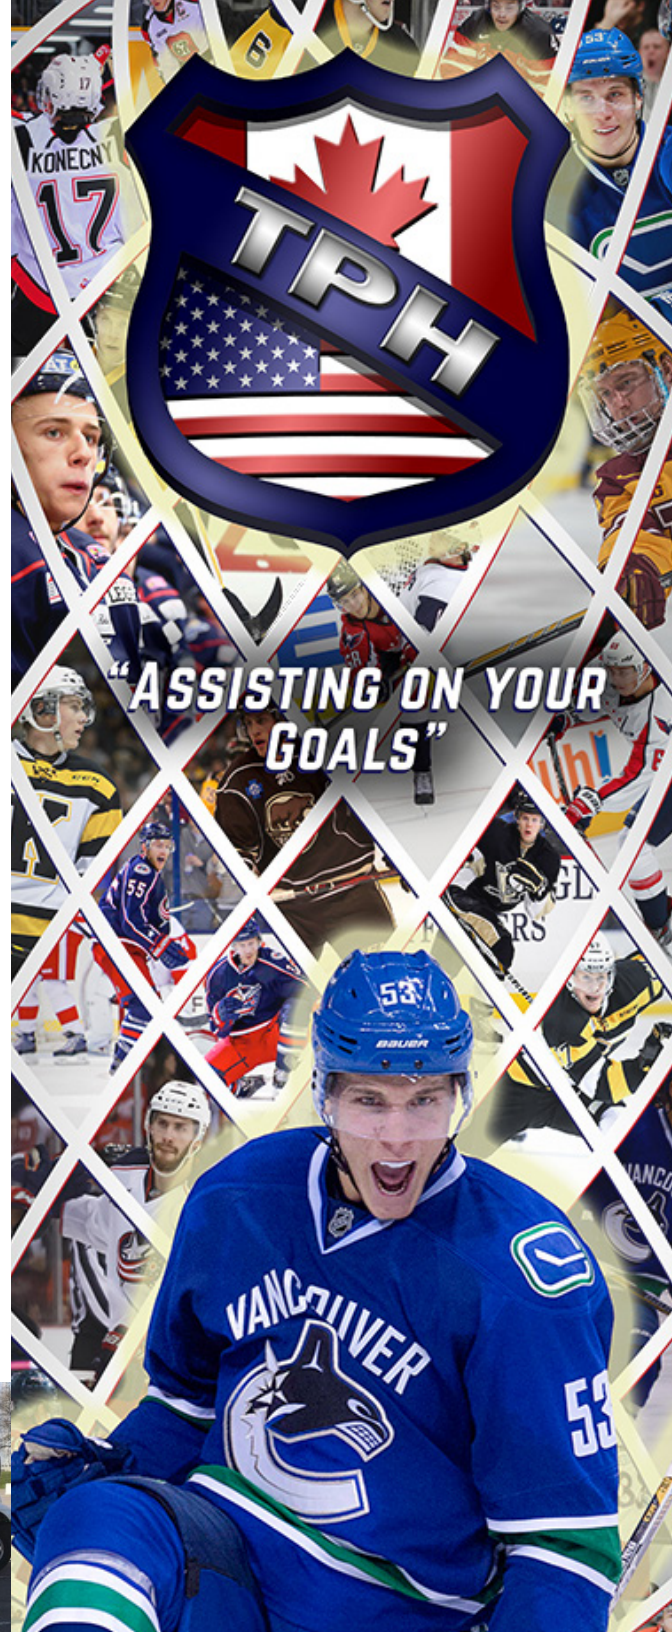

- 8-month program for Grades 6-8 before school
- Monthly scrimmages to practice new skills
 - Training days in London
- Player and Family feedback & report cards
- Positive and challenging learning environment
- On ice and off ice testing/flexibility screening
 - Personalized payment plans available

If you would like to learn more about the Sarnia HPHA program or register please contact me at your convenience.

Sincerely,

Scott Jones

"I've had the pleasure to work with Scott Jones with both the Washington Capitals and now The Vegas Golden Knights. He is an incredible teacher of this game, specifically skating and skills. He is as good as anyone I've been around, I completely trust him with our prospects and if I had a son, I would have him work with Scott Jones."
